

Argentinian Road-Trip with Isabelle and Laurent M.

We would like to thank you for your help with this beautiful voyage.

We would also like to share a link to a map application we found very useful in Argentina

Download the application here: <http://argentina.mapedy.com/?lang=fr>

This allows you to download a complete map of Argentina, so that you have access to a super-accurate GPS even without a data connection in the middle of the dessert.

Best regards!
