

Preparing for your trip

Prepare your suitcases

The useful and... not the superfluous.

Type of luggage

It is best for your motorhome trip in France especially if you take a vehicle in one town and leave it in another to leave with soft bags or backpacks. Indeed you will be able to store these bags more easily in the motorhome and not lose space unnecessarily. In case you leave your vehicle in the same city as you left it, you can always leave your empty suitcases in a locker at the rental centre.

Also equip yourself with a bag for the day so that you can always keep your valuables with you.
