Some information about petrol and petrol stations in Mozambique.

## Gasoline and petrol stations in Mozambique.

As of July 9, 2020, the average cost of petrol in Namibia is **US\$1.044/liter** and the average cost of diesel is **US\$0.959/liter**.

These prices are only an average. The price therefore varies greatly over time and from one region to another! You can consult them on the [Global Petrol Prices](#)

Mozambique is a country where the **density in some beautiful** but remote areas is extremely low.

The infrastructure and petrol stations, although numerous and evenly distributed, are not found at every turn. It is **prudent and recommended when travelling long distances to fill up regularly**.

A simple precaution before continuing the adventure!
