Malmö is an excellent starting point for your journey to discover Sweden. Our specialists will guide you step by step through the motorhome rental process.

At the extreme south of the country, Malmö is connected to Denmark by the Øresund Bridge. The third largest city in the country, although smaller than other cities, still attracts the most tourists with its numerous cultural attractions.

The rich industrial past of Malmö has been replaced today by a University and large green spaces which define this ever changing and expanding city. On arrival, you will find a very welcoming small city, with a rich and diverse heart. Be sure not to miss a visit to the new Museum of Modern Art (Moderna Museet), as well as the numerous restaurants, cafés, and trendy design boutiques.

Today, the city is considered an example of sustainable development. The Västra Hamnen neighborhood, in a way "saved" from severe decline, is an example by its layout and life-style. Malmö is a world leader in urban design and there are many guided walking tours organized to help visitors better understand the dynamics of the city.
