

Fairbanks

Renting your camping car in Fairbanks with CampingCar-Online/Ramble Campervans

Our USA specialists will guide you step by step through the motorhome rental process in Fairbanks. Rent a standard camping car, van or motorhome or a luxury model in Fairbanks with CampingCar-Online/Ramble Campervans.

Fairbanks is the biggest city in Alaska after Anchorage. It was built in 1901 as a temporary stop over point but quickly developed into a permanent city due to its gold and petrol resources. Today it has a population of 100 000. You can enjoy the cities restaurants and the Museum of the North which traces the history and culture of the 5 major regions of Alaska. You can also witness the infamous and splendid Aurora Borealis northern lights and enjoy the beautiful natural landscapes. In your motorhome you can visit the gold mines and Denali National Park. You can travel further south and spot some black bears or grizzly bears and other indigenous animals. Enjoy the magnificent nature including the highest peak in North America or cross the Yukon Territory in Canada. Wide spaces and tranquillity await you!
