Minneapolis, St. Paul's sister city, has about 400 000 inhabitants. This city is considered to be the first city of the West, and an important economic center. Saint Paul is the older city, known as the last city of the East. St. Paul's Cathedral is not to be missed, and the Walker Art Center and Minneapolis Institute of Arts are also worth exploring. The two cities are also famous for their music scene, with many theaters and concert halls.

In your motorhome you can take the legendary Mississippi road from Minneapolis to New Orleans. You will go through some of the best places in the eastern USA. You can also travel the Great Lakes region passing through Chicago, then heading to Lake Michigan or Lake Superior.

You will see that the American roads are well suited for motorhomes and offer pleasant driving conditions.
