

Arches and Canyonlands

A panoramic view of carved canyons and arches

Come and explore this red-earthed land with its natural arches and panoramic canyon views. Depart from Las Vegas, Salt Lake City or Denver in your motorhome to reach this wonderland.

Welcome to red rock country! Explore **Arches National Park** with its natural rock arches and remarkable flora and fauna that flourish despite the harsh conditions. You may even spot the famous coyote! Don't miss **Landscape Arch located in Devil's Garden**. Here you will find the largest concentration of arches in the park. Photography enthusiasts shouldn't miss **Delicate Arch**, the most famous arch in the park. Hiking fans take the Park Avenue path, which will lead you through a spectacular canyon. There is one campsite inside the park where you can spend the night in your motorhome.

Enjoy exploring Canyonlands where the dramatic landscapes of the American 'Wild West' await you. This park is divided into 3 distinct areas which are isolated from each other: Island in the Sky, The Needles and The Maze. Don't miss **Dead Horse Point** in **Island in the Sky** and **Devil's Kitchen, Caterpillar Arch** and **Elephant Hill** in The Needles. Canyonlands also has one campsite within it.
