Basic driving rules in Zimbabwe

Driving is always on the left hand side of the road.

You must have your national or international drivers license on you at all times.

All of the occupants of the vehicle must wear a seat-belt, in the front of the vehicle as well as at the back. Child car seats and booster seats must also be used when necessary.

Driving at night outside of towns is strongly discouraged due to animals that may be in the roads.

Certain roads are poorly maintained. A 4x4 vehicle is recommended and very careful driving is essential.

The mobile phone network is not reliable, so it is recommended to always travel with extra reserves of water, food and fuel, as well as a first aid kit and a spare tire.

Be aware that traffic signals differ from vertical to horizontal from one country to another. Pay attention and adjust your driving!
