

Portugal

Explore Portugal by motorhome

The two entry points to **Portugal, north and south**, are the cities of Porto and Lisbon. You will collect your carefully selected, CampingCar-Online/Ramble Campervans motorhome in one of these cities.

This country is so close to France (2h30min flight) and yet it is **so exotic** and perfectly suited to motorhome travel. It has a moderate climate largely due to the **Atlantic Ocean** that borders more than 800 km of Portugal. This allows for smooth motorhome traveling all year round.

There is lovely scenery north of Porto, including maritime landscapes that alternate with deep valleys. Montesinho park has very rugged **landscapes**. **Algarve** is perfect for **beach lovers**, but don't forget the beautiful beaches of Praia da Rocha. **Visit Albufeira**, former stronghold of the Moors, and admire the preserved site of Pontada Piedade .

You will have no problems **finding parking near the beaches**. However, do not try to drive through the narrow streets of historic city and village centres.
