## WINTER TRAVEL

All motorhomes must be equipped for winter when traveling in freezing conditions, with the exception of the Wapiti Midi Motorhome, which is specially built for winter conditions and allows the use of water, toilet and shower when freezing.

As the weather in Canada can be unpredictable, the rental company winters its units when the temperatures are too low. Once the vehicle is winterized, no water can be put into the clean water tank and it cannot be connected to the water supply. Therefore, there is no water available in the motorhome.

## GENERAL TERMS AND CONDITIONS

The rental contract itself, regardless of the manner in which the reservation and payment of the rental were executed, brings together the company that owns the fleet, the "rental company", and the person signing the contract, the "hirer". The exchange of the vehicle by the hirer implies the unreserved acceptance of the following general rental conditions.

**Use of the vehicle:** The hirer agrees to use the vehicle in a prudent and normal manner, to use it only for his personal needs, and not to sublet it, nor to transport people for a fee. The driver must take the utmost care of the vehicle's water and oil levels. The hirer is not allowed to participate in any match, race, rally or other competition of any kind, as well as test-drives or training. The hirer agrees not to use the vehicle for any illegal purposes or purposes other than those specified by the manufacturer, and not to overload the rented vehicle by carrying more passengers than indicated on the vehicle's registration document. The hirer agrees not to attach a trailer or similar vehicle, not to make any modifications to the vehicle.

**Vehicle characteristics:** the plans, dimensions and layouts of the vehicles presented cannot be reserved or guaranteed, they are indicative and may vary without notice. Neither the rental company nor CampingCar Online can be held responsible for these changes.

The awnings, even if present on some models, are not available for use in order to avoid possible damages and the high costs of repair.

All vehicles (except the Wapiti Truck pick-up) are equipped with a TV set. As the TV signal is not guaranteed throughout North America, the hirer will not be compensated in any way if the TV is not received during the rental.

**Flex Rates:** A variable rate per rental day. Each week a new daily rental rate is established, based on the vehicle, the location and the dates of travel (rate applicable to the entire length of the rental). Based on this variable rate, your daily rental rate is established. At the time of reservation (and payment of the account), the daily rental rate is locked in for the reservation.

### Drivers:

- All drivers must be at least 21 years of age and have a valid driver's license for the duration of the rental. Only drivers listed on the contract are allowed to drive.
- All drivers must be in possession of the original paper copy of their driver's license, digital licenses are not valid without the paper copy.
- If the original driver's license is in English, drivers do not need an international license. If the license is in a language other than English or French, it is strongly recommended to have an international license, along with the original license.
- An international license alone is not valid for driving in Canada and the United States. The international driver's license must also be accompanied by a valid driver's license issued in the country of origin.
- Additional driver fee: \$5 per night for each additional driver.

**Online check-in:** In order to facilitate the process and save time during pick-up, the hirer must complete the online check-in prior to arrival at the rental center. The online check-in is open 5 days before the pick-up of the rental vehicle.

Upon check-in, the hirer is required to provide driver and emergency contact information, read and accept the rental

agreement, insurance coverage and other important information. The hirer will be able to pay the security deposit, choose the arrival time at the resort and select any travel extras they wish.

## **DEPARTURE, RETURN, RENTAL**

There is no refund for late pick-up or early return of the vehicle.

**Departure:** Departures are usually between 1:00 pm and 4:00 pm. Early pick-up is possible between 10:00 am and 12:30 pm for a fee of \$75 and subject to availability.

Hirers are discouraged from arriving earlier to attempt an early departure. Arrival times are based on scheduled pick-up and drop-off times, as well as vehicle preparation and availability. Therefore, hirers are asked to arrive according to the pick-up time chosen during the online check-in process.

Hirers who do not check-in online will be required to do so onsite on a tablet.

A personal demonstration of the vehicle (\$50) can be booked during the online check-in.

**Return:** Returns are usually between 8:00 and 9:59 am during the summer season, between 9:00 and 10:00 am during the winter season. Late returns are possible in the summer between 10:00 am and 2:59 pm for a fee of \$75 per hour and subject to availability. There is no refund for early returns. Free late drop off is included until 1:59 pm during the winter season.

Hirers must release their vehicle by the end of the hour to avoid late fees.

The hirer commits himself to return the motorhome, with the tanks emptied (clean, grey, black) and the interior cleaned, without which penalties may be applied. The vehicle must be returned in the state in which it was collected, with the interior cleaned, the dishes washed and put away and the waste water tanks emptied. The exterior of the vehicle does not need to be cleaned unless it is covered with an excessive amount of dirt and/or mud, which would make it difficult to assess its condition upon return. A Drop & Go service is also available at check-in to reduce the burden of final cleaning.

Penalties apply if the vehicle is not returned in the required condition.

Sunday departures and returns are possible between October 1 and April 30, according to the schedules of the rental centers concerned and for a fee of \$435 per departure or return.

Early departures and returns cannot be booked in advance. These options are only available at the time of online check-in, subject to availability.

**Fuel:** The rental company makes no statements regarding fuel consumption. Vehicles are provided with a minimum of 17.4 tank of fuel. If the hirer returns with less fuel than they started with, they will be charged for that amount of fuel.

There are no refunds for returning with more fuel than when you left.

During the winter season, fuel tanks may be provided full and must be returned full.

**One-ways:** One-way rentals are available between all rental locations, except Edmonton, upon request and subject to the availability of the respective rental location. Additional fees apply.

**Change of drop-off location after pick-up:** If the hirer wishes to change the drop-off location of the vehicle after pick-up, he/she should contact the rental company's reservation team. They will advise if the change is possible and if a relocation fee applies. All charges will be billed directly to the hirer.

**Extension of the rental:** If the hirer wishes to extend the reservation during the rental period, he/she must first obtain the authorization of the rental company, which will inform him/her of the additional costs. The extension of the rental is subject to fleet availability. The additional cost of a reservation extension must be paid by credit card over the phone or at the rental company's location immediately after the reservation extension is confirmed.

If the hirer decides to extend the duration of the reservation prior to pick-up (change of drop-off date), the reservation change policy applies.

**Campsite and Ferry Reservations:** It can be difficult to reserve a campsite or ferry crossing during the high season. It is recommended that the hirer make a reservation for at least a 33 foot camper, regardless of the size of the vehicle reserved, to avoid any problems with possible upgrades. Sites with electricity require a 30 amp connection.

**Transfers:** The rental company offers transfers between the Montreal rental center and specific hotels at Montreal's Pierre Elliott Trudeau International Airport, as well as between the Whitehorse rental center and the Whitehorse airport.

- Montreal rental center to airport: shuttle will depart at 10:45am.

- From the airport to the Montreal rental center: departing from Level 2, Gate 8 (ready for Uber departures), hirers must wait outside for the rental company's shuttle at approximately 11:45am. Due to airport regulations, the shuttle cannot park for long periods of time and leaves at 11:50am. Estimated arrival time at the Montreal rental center is 1:00pm.

This transfer will be operated by the rental company on a one-way basis at a rate of \$120 per trip.

- Between the Whitehorse airport and the Whitehorse rental center the shuttle runs until 3:30pm. Hirers will need to provide their flight arrival details when checking in online and can call the rental center upon landing for transfer instructions.

This transfer will be operated by the rental company on a one-way basis at a rate of \$15 per trip.

Hirers picking up and/or dropping off the vehicle at any rental center other than Montreal must make their own

arrangements.

**Portable Hotspot:** The rental company provides a portable Wi-Fi hotspot device that can connect up to 10 devices at a time. The device can be used inside or outside the vehicle and offers the most convenient way to get Wi-Fi on the road.

Data is not included in the device rental. It is purchased in packages: per GB or unlimited data per day. The speed of the Internet connection will depend on the cellular signal because the hotspot relies on 4G connectivity. Connection may not be possible in the most remote areas of Canada.

**Generator:** For models that have a generator, its use is charged at \$3.5/hour between May 1 and September 30 and is paid for upon return of the vehicle. The use of the generator is free between October 1st and April 30th.

**Leveling Blocks:** Rental vehicles are equipped with leveling blocks, which are positioned under the wheels to help level a vehicle when parked on uneven ground. Hirers should take care when positioning the leveling blocks.

**Seat belts and child seat:** The rental company offers an all-in-one child seat that can be used as an infant seat, child seat and rear-facing booster seat, for a fee and subject to availability. All units are equipped with lap belts, except for the driver and passenger seats (3-point harness). Hirers may bring their own child safety seat and must ensure that it meets Canadian standards and regulations (which may vary from province to province). Hirers are responsible for the installation of all child seats in the vehicle and must sign a waiver.

**Bike rack:** Super Van, Midi Motorhome, Maxi Motorhome and Maxi Plus models can accommodate up to 4 bikes (non-electric) up to a total weight of 100lbs (with the bike rack). The hirer is entirely responsible for the installation of the bikes on the bike rack. The rental company cannot be held responsible for any damage caused to the bikes on the rack. For reasons of liability, the rental company does not allow the use of personal bike racks.

## Payments

Payment for the rental is due no later than 35 days prior to the pick-up of the vehicle.

The rental company only accepts credit or debit cards for rental fees paid at the time of pick-up or return of the vehicle. Cash payments are not accepted at the rental centers. The security deposit must be paid by credit card only: Visa, Mastercard, American Express and Union Pay.

## INSURANCE

Third party liability is included in the amount of \$5,000,000.

Collision Damage Waiver (CDW) and comprehensive insurance limits the hirer's liability to \$1,750.

A deposit of \$1,750 will be required at the time of pick-up and returned if the vehicle and its accessories have not been damaged or lost. Any hirer involved in an incident will have their deposit held for a minimum of 60 days until the incident is resolved. If the amount of the repairs is less than the amount of the deposit, the hirer will be reimbursed for the difference.

The hirer is responsible for the maximum amount detailed below but does not include towing charges, storage charges, damage to third party property, injury claims, insurance charges, legal fees. In addition, an administrative fee will be retained per incident.

The insurance does not cover personal belongings, accommodation, transportation, replacement of the vehicle if it is damaged, stolen or in case of an incident rendering the rented vehicle unusable.

The security deposit covers the first incident. If damage has been reported, a second security deposit will be taken to cover any additional incidents, and so on.

When a replacement unit is needed due to accidental damage, and depending on availability, a new signed rental agreement and security deposit must be in place before a replacement vehicle is provided.

The hirer is also responsible for the cost of commercial loss when damage is caused by negligence. This fee will be charged for the time the RV is unavailable due to repairs.

**All incidents must be reported within 24 hours and be accompanied by the completed CanaDream online accident report or written accident report form (included in each vehicle) and the police report or file number.**

It is the hirer's responsibility to winterize the motorhome during the trip, at his/her expense, if weather conditions require it. The hirer is also financially responsible for re-winterizing the vehicle upon return if the vehicle was winterized at the time of pick-up and is returned in freezing temperatures.

Credit card refunds may take up to 14 business days, depending on the hirer's financial institution.

**Group Reservations:** Reservations for 5 or more vehicles have separate payment and cancellation terms. The Flex rate as defined above does not always apply.

The provider reserves the right to change the vehicle for another appropriate to the number of occupants. This does not constitute a breach of contract and does not authorize the tenant to claim any compensation. The present general conditions are subject to French law. Any dispute arising from the execution, interpretation or application of the travel contract shall be brought before the competent court in the place of the registered office of the company CampingCar online.
