The renter is not allowed to participate in any match, race, rally or other competition of any kind, as well as test-drives or training. The hirer agrees not to use the vehicle for any illegal purposes or purposes other than those specified by the manufacturer, and not to overload the rented vehicle by carrying more passengers than indicated on the vehicle's registration document. ### **Travel Restrictions**

Hirers are not permitted to travel to certain areas due to road conditions, extreme weather conditions, acts of God, safety alerts and/or availability of assistance. Restrictions are subject to change without notice and are determined solely by the hirer.

Hirers are responsible for knowing and complying with travel restrictions and for informing themselves of any changing

conditions. The lessor, to the best of its ability, will provide the hirer with as much information as possible at the time of pick-up, but is not responsible for any delays or detours the hirer may encounter. Violation of these travel restrictions voids insurance and coverage options under the terms and conditions of the rental agreement.

Travel on non-public, unpaved and/or "forest" roads is not permitted at any time. Travel in or through Death Valley is not permitted from June 1 through September 30, as ground temperatures can reach 60°. Renters may be required to sign and accept Death Valley restrictions upon departure. Trips are permitted at the hirer's own risk and only with the purchase of the lessor's Mexico Auto Liability Insurance (MALI), available at all Southwest locations. However, there is no reimbursement for repairs, loss of use of the vehicle, or deductibles for damage incurred in Mexico. Travel is not permitted to New York City and Manhattan. Travel is permitted at the hirer's risk in Alaska and northern Canada. However, there is no reimbursement for repairs or loss of use of the vehicle. Travel during the winter months is permitted. However, freezing conditions may occur in the spring and fall at higher elevations and should be anticipated and precautions taken. Hirers are responsible for any damage due to freezing of systems by cold weather. As a precautionary measure, in some locations, water may be replaced with antifreeze to prevent water systems from freezing. Hirers are then not allowed to use the water systems, including toilets or shower, until they have moved to areas with temperatures consistently above zero. In the event that the hirer wishes to replace the antifreeze with water, they may re-winterize or de-winterize the vehicle. Note: The cost of winterizing or de-winterizing, usually up to \$150, is the responsibility of the hirer. Traveling during the summer months or in extreme temperatures can put a strain on vehicle systems such as the roof and dash air conditioners, generator and refrigerator. The lessor maintains its fleet of vehicles to accommodate all weather conditions, however, hirers should be aware that the performance of motorhome systems in extreme conditions cannot be guaranteed. Rooftop air conditioners only cool the interior of the motorhome to a maximum of 20 degrees cooler than the outside temperature. Due to the increased incidence of theft, vehicles should not be left unattended in Montreal, Ottawa and Quebec City. It is recommended to leave the vehicle parked in a campground and use cabs or public transportation. Hirers planning to travel in these areas must inform the rental center prior to departure. Hirers who return the rental vehicle to a location other than the one reserved and confirmed, without prior authorization, or who abandon the rental vehicle, will be charged a recovery fee and a penalty.

### **Golden Gate Bridge Traffic, Toll Roads, Fines**

Hirer is responsible for all traffic violations, fines, tolls or tickets incurred during the rental period.

No claims are accepted for fuel consumption. Fuel consumption will vary depending on where and how the vehicle is driven. No claims are accepted for fuel consumption if the hirer is upgraded to a larger unit.

### **Vehicle Changes**

If the booked vehicle is not available for any reason, the lessor reserves the right to provide a higher-rated vehicle at no extra cost. If a lower-rated vehicle is provided, the lessor's liability is limited to refunding the retail rate difference between the two vehicles.

Please note that vehicle substitution does not entitle the hirer to any additional compensation beyond the refund mentioned above.

### **Generator**

All vehicle types are equipped with a 110-volt generator.

The use of the generator is not required for the normal operation of the vehicle. Hirers have the option of being charged per night of rental for unlimited use, or per hour, which is calculated upon return. Fees are payable at the rental center. The use of power outlets for charging phones, etc., is the responsibility of the hirer.

Prepaid generator fees upon return of the vehicle are non-refundable.

### **Complaints**

All claims must be submitted to the renter no later than 30 days after the end of the rental period.

### **Changes**

Any change in the reservation arrangements, whether it be vehicle size, departure and/or return location, or travel dates will result in a \$50 service charge per change.

Any change will result in a recalculation of the daily rate and may result in a new reservation with a cancellation of the original reservation and therefore a cancellation fee. The new rate will be calculated using the most recent value rate.

Reservations are not transferable to other hirers. Hirer name changes will be treated as a cancellation and a new reservation, unless the hirer who originally made the reservation is present at the time of departure.

Consecutive rentals for the same hirer will be considered as two separate rentals. A hirer may not book two consecutive rentals in order to receive a tax reduction or special offer that would not otherwise apply.

In the event of a date change, the new travel dates must be within the same calendar year. Moving the rental date to the next calendar year will be treated as a cancellation and will be subject to a fee. The cancellation fee applied will be based on the original requested travel dates.

### **Cancellation fees**

All cancellations must be made in writing and will be confirmed in writing:

- Cancellation notified more than 65 days before departure: \$100
- Cancellation notified 65 to 35 days before departure: 20% of the rental amount
- Cancellation notified 34 to 20 days before departure: 50% of the rental amount
- Cancellation notified less than 20 days before departure: 100% of the rental amount

### **Remarks :**

One-way rental systematically entails a surcharge in addition to the applicable fees above.

The case of a hirer not appearing on the day of departure or refusing a vehicle on departure is considered as a cancellation and does not allow any refund.

If a hirer refuses the vehicle upon departure, it is a "departure day" and they are not entitled to a refund.

The lessor shall assume no liability whatsoever in the event a booking is canceled, rescheduled, changed, postponed or interrupted due to a fortuitous event, Act of God, unforeseen occurrence or any other event that renders performance of the rental impracticable, illegal or impossible.

### **Cancellation fees for group reservations**

For any cancellation, the hirer must notify CampingCar Online, special charges apply.

### **Dispute**

The provider reserves the right to change the vehicle for another appropriate to the number of occupants. This does not constitute a breach of contract and does not authorize the hirer to claim any compensation. The photos are not contractual and the choice of vehicles is made by category and not by model.

The present general conditions are subject to French law. Any dispute arising from the execution, interpretation or application of the travel contract shall be brought before the competent court in the place of the registered office of the company CampingCar online.
