TRAVEL WITH THE KIDS

Good news, Beaver models have 3-point belts! However, ask in advance which models can be fitted with child seats and/or booster seats. For large tribes, also inform yourself of the number of child seats and/or booster seats that can be fixed. We can offer child seats and/or booster seats on these models. However, you will need to tell us the age, weight and height of your children at the time of booking.

SOME TIPS FROM THE CAMPER VAN-ONLINE TEAM THAT HAS BEEN ORGANIZING ROAD TRIPS IN CANADA SINCE 2001....

It is possible to rent motor homes in Canada all year round but be aware that temperatures in this vast country can be extreme. Most vehicles can be "winterized" from mid-October to mid-April. During the summer period the vehicles are booked very, very early (about 8 months). Do not delay in asking us for availability! We will be happy to help you on your itinerary but, above all, you need a vehicle :)

GENERAL TERMS AND CONDITIONS
